(13) Capital and Surplus, Shareholders’ Dividend Restrictions and Quasi-Reorganizations

a. Dividend Restrictions

State law provides that dividends or other distributions may be paid only to the extent of surplus in excess of \$1,500,000 as reported in the most recent financial statements file with the Department of Insurance and may be paid only out of positive retained earnings. In addition, legislation requires Department of Insurance approval of any dividend or other distribution exceeding the greater of 10% of net worth or net income for the prior year. The plan has no current intentions to pay dividends.

b. Quasi reorganization

Due to the losses the Company encountered in 1999 and prior years, the Company’s net worth had gone below the minimum DOI requirement. In March 2000, the Company’s Board of Directors approved a formal recapitalization and reorganization process. \$5,000,000 of additional paid-in capital was infused into the Company by its stockholder. In connection with the reorganization, the Company reclassified \$16,818,838 of its accumulated deficit to contributed capital. Also, at the time of the reorganization, the Company recorded its fixed assets at their fair value, as determined by an independent appraiser (increasing the historical costs by approximately \$351,000) and recorded a liability of approximately \$351,000 relating to the costs associated with the reorganization. As such, the reorganization had no effect on total stockholders’ equity.

c. Surplus Notes

On September 25, 2003, the Company received a surplus note in the amount of \$6,325,000 from it’s parent corporation, HealthCor, Inc. The surplus note carries simple interest at 5% per annum. No interest has been accrued on the surplus notes. Subject to prior approval by OFIS, the note is to be repaid upon the occurrence of a “Change in Control.” “Change of Control” means the occurrence of any of the following including without limitation:(i) a merger, consolidation or sale of stock of GLHP or its affiliates pursuant to which the shareholders of GLHP or its affiliates, as the case may be, immediately prior to such merger or consolidation will hold less than 50% of the voting securities of the surviving entity, or (ii) a sale of all or substantially all of the assets of GLHP or its affiliates. The surplus note has no stated maturity or repayment date

On March 17, 2000, the Company negotiated a claim settlement with two major hospitals in which the terms of the settlement totaled \$8,000,000. In connection with this settlement, the Company paid \$3,500,000 and issued surplus notes in the total amount of \$4,500,000 - \$2,000,000 issued to Detroit Medical Center and \$2,500,000 issued to William Beaumont Hospital. The surplus notes carry simple interest at 5% per annum. No interest on surplus notes has been accrued. The entire principal and interest are payable upon ten days notice by the Hospitals and subject to the OFIS’ approval and the availability of earned surplus, if any of the three conditions occur: (1) the Company pays a dividend to any of its stockholders, (2) the Company redeems more than 50% of the issued and outstanding shares or (3) expiration of six years from the date of surplus notes. The Hospitals have agreed to consider all claims with a date of service prior to October 1, 1999 as fully paid. The financial statements reflect all claims received and adjudicated in 1999 that were part of the settlement.

(14) Contingencies

- a. During May 1999, Henry Ford Health System filed suit against the Plan alleging that Great Lakes Health Plan had failed to pay medical service claims submitted by the plaintiffs. Great Lakes denies that it is responsible for paying these claims and has asserted counterclaims for breach of contract, fraud, and violations of the Medicaid False Claims Act and Health Care False Claims Act. Great Lakes Health Plan alleges that plaintiffs have failed to obtain proper authorization for certain medical services as required under the contract and have submitted fraudulent claims and claims that Great Lakes is not responsible for paying.
- b. The Company is involved in litigation primarily arising in the normal course of business. When ultimately concluded, these cases will not have a material adverse effect upon the Company’s financial position or results of operation.

(15) Leases

- a. The plan incurred rental expense of \$ 500,385 in 2003 and \$476,157 in 2002. The lease for the plan’s office space contains a rent escalation clause in the amount of approximately \$1,000 a year.
- b. The Company leased a phone system and computer software in 2000 under capital leases. The terms of the leases were three years and did not include an escalation clause. Amortization expenses for the capital lease are included in depreciation and amortization for property and equipment.

The Company entered into a capital lease in 2003 for computer hardware acquired in conjunction with the implementation of the FACETS claims processing software. The term of the lease is three years. Amortization expenses for this capital lease are included in depreciation and amortization for computer equipment.

The following is an analysis of the leased property under capital lease at December 31, 2003 and the prior year.

Equipment	\$ 279,953	\$ 279,953
Computer Equipment	\$ 180,645	\$ -

Accumulated Depreciation	<u>\$ (608,018)</u>	<u>\$ (471,962)</u>
Total	<u>\$ 162,580</u>	<u>\$ 117,991</u>

Interest paid on the capital leases was \$9,137 in 2003 and \$29,070 in 2002. The telephone and software leases were paid in full in 2003.
